PUBLIC COMMENTS

Tom Blackford—dept of mathematics and philosophy. Commended BOT and Acting President Abraham for their hard work. Wants to keep moving forward and not go back. Believes morale from fall 2015 to

last June has never been worse. Since the arrival of Dr. Abraham morale has improved. There are many problems such as low enrollment and staffing.

Tere North—welcomed Board members. Made a series of FOIAs that uncovered an effort to discredit Dr. Abraham and resulted in the removal of two Board members. Unprecedented involvement in community from Dr. Abraham.

Bill Thompson—President of WIU chapter of UPI. Supports retaining Dr. Abraham as President due to his working with faculty.

Sarah Gibson—Admissions Counselor and former Study Abroad Director. Advocating for study abroad program, noting that the program has grown and the staffing has gone down from four to one. Asked how we can effectively support students if there is no robust program.

Chair Radosh asked Gibson how many staff members there are, Gibson responded that there is now one staff member while there used to be four.

Pat McGinty—stated that he did a straw poll of his colleagues and Dr. Abraham has the full support and confidence of the entire WIU faculty. Not appointing Dr. Abraham would result in someone who does not have the support of the faculty.

Marjory Allison—dept. of English. Wants to state support for Dr. Martin Abraham for Western Illinois University. Has been on sabbatical but is hearing that the community and faculty are pleased with Dr. Abraham's involvement. The vote of no confidence was not only in Dr. Thomas but in the entire administration.

Elaine Hopkins—Asking for support of TSPR from the university. The station is a valuable marketing tool for the university.

Chair Radosh commended Hopkins for attending every meeting for a year to ask for support of TSPR.

Christopher Pynes—Thanked new Trustees and welcomed everyone back. Addressed release and destruction of the Board minutes and recordings and requested that the recordings not be destroyed due to the ongoing investigation. Pynes also recapped the Provost search and encouraged battling together against problems. Pointed out that the Faculty Senate is still operating under a vote of no confidence (it was a referendum item) and will continue to do so until they are able to take a vote of confidence.

Trustee Lang asked for clarification on the Provost search process.

Trustee Aguilar asked for the number of faculty who voted “no confidence.” Pynes stated the exact number is on the Faculty Senate website and that an overwhelming number voted no confidence.

Merrill Cole—encouraged Board not to vote anyone in as President or Interim President who was part of the Open Meetings Act violation scandal.

PK Dabu—Stated that he was about to leave WIU due to previous leadership, and when that changed he decided not to leave. Believes Dr. Abraham has presented a clear vision.

Mark Bernards—School of Agriculture. States that the hiring practices of the university have been focused on internal candidates only. Believes the “I” in WIU stands for “internal.” Western Illinois University needs a culture of excellence in all areas.

Duke Oursler—Stated there has been a shift of positivity and higher morale.

PRESIDENT'S REMARKS

Interim President Abraham thanked everyone for their confidence in his activities thus far. He is open to suggestions on what may need to be addressed and improved upon. The most important challenge that the university faces is enrollment and that is a priority. Work is being done with the Vice President of Student Services, Director of Admissions and Admissions Counselors. Our retention numbers are not where they should be and that is another area of focus and there will be more engagement with that. Interim President Abraham is optimistic in the Fall 2020 enrollment numbers remaining steady and not going down. The final comment was that the university must do better with diversity in the community.
