MEMBER TESTIMONIAL

"The experience of being in this chapter has truly transformed me on a personal and professional level as a woman. It has taught me how to distinguish myself within a variety of fields as a leader who embodies the values that my sorority holds. Immense generosity and empowerment come within academics, friendships, and services to others. To this day, I know that I have been incredibly lucky to be involved with a group of strong, independent women around campus and the world. "
