This report presents comparative student credit hour (SCH) production for Spring Semesters 2004 and 2005. On-campus, Quad Cities, Extension, and total student credit hour production are shown in Table 1; while lower, upper, and graduate student credit hour production by student level are shown in Table 2. Credit hours produced through Extension and Quad Cities are identified by a section letter or number.

Total credit hour production increased 1.45 percent from Spring 2005 to Spring 2006. Total university enrollment increased 0.14 percent between Spring 2005 and Spring 2006. Macomb campus credit hour production increased 1.95 percent, Quad Cities credit hours decreased 4.0 percent between Spring 2005 and Spring 2006, and Extension decreased 2.1 percent.

An increase in credit hour production was experienced at the upper division level (6.38 percent), while a decrease in credit hour production occurred at the lower division level (4.64 percent) and the graduate level (2.19 percent).
### Western Illinois University
