Course: MICR/ZOOL 460(G) Parasitology, Fall 2013
Lecture: M & W 4:00–4:50pm in 202 Waggoner Hall
Lab: TU 1:00–2:50 (sec's. MICR 41, ZOOL 61); 3:00–4:50pm (sec's. MICR 42, ZOOL 62) in 224 Waggoner
Credit: This is a 3-credit course—make sure it counts toward correct "emphasis" (MICR or ZOOL).
Prerequisites: C or better in BOT200 & ZOOL200 (intro sequence); AND access to an introductory biology text

Instructor: Dr. Shawn Meagher  Office Hours: M: 1–2, T: 9–10, TH: 10–12
Office: 230 Waggoner Hall and by appointment
Phone: 298-2409

Web page: westernonline.wiu.edu/d2l/home (Login: Username=Emc username, Password=WIU student #)

Objective: Parasites infect over 1/2 of all humans (mainly in developing countries), and cause the loss of millions of agricultural dollars each year. The goals of this course are (1) to familiarize students with the diversity, morphology, and life history of eukaryotic parasites of animals, and (2) to reinforce basic concepts of ecology and evolutionary biology as they relate to parasitic organisms.

Evaluation: Grades will be based on lecture & lab exams as follows:
<table>
<thead>
<tr>
<th>Undergraduate</th>
<th>Graduate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lecture Midterm 1</td>
<td>100</td>
</tr>
<tr>
<td>Lecture Midterm 2 (cumulative)</td>
<td>100</td>
</tr>
<tr>
<td>Lecture Final (cumulative)</td>
<td>150</td>
</tr>
<tr>
<td>Lab Exam 1</td>
<td>100</td>
</tr>
<tr>
<td>Lab Exam 2 (cumulative)</td>
<td>100</td>
</tr>
<tr>
<td>Lab Final (cumulative)</td>
<td>150</td>
</tr>
<tr>
<td>Lab participation</td>
<td>20</td>
</tr>
<tr>
<td><strong>Total 720</strong></td>
<td><strong>1-page paper summaries 60</strong> (3 @ 20 pts each)</td>
</tr>
<tr>
<td></td>
<td><strong>8-page review paper 100</strong></td>
</tr>
<tr>
<td></td>
<td><strong>Total 880</strong></td>
</tr>
</tbody>
</table>

Lecture exams will be primarily matching, drawing, short answer, and problem solving.
Lab exams will be principally identification.
All exams are cumulative.

***Lab attendance is required! 1 absence will result in loss of "participation" points; 2 absences will result in “F” for class!.

Grades: Based on your total of all possible points:
Undergraduate (of 720): ≥648.0 = A, ≥647.5 = A−; ≥647.0 = B+, ≥576.0 = B, ≥575.5 = B−;
≥575.0 = C+, ≥504.0 = C, ≥503.5 = C−; ≥503.0 = D+, ≥432.0 = D, ≥431.5 = D−; ≤431.5 = F
Graduate (of 880): ≥809 = A; ≥721 = B; ≥633 = C; ≥545 = D; <545 = F (this scale is harder than UG!)

***Grades will not be changed unless I’ve made a mathematical error.
Save your work to insure that your grades have been recorded correctly!***

Make-ups: Within 7 days of the scheduled test day ONLY for (1) death in family (I'll need documentation); or (2) rare extenuating circumstances (I’ll decide), and ONLY if I have 2 weeks advance warning (plan ahead).
Re-grades: I will ONLY consider written requests for exam re-grades within 3 days after tests have been returned (EXAMPLE REQUEST: “I believe the answer to Question X is ... because...” [this last part is critical!]). I will consider material in the text to be correct UNLESS I specifically tell you otherwise in lecture or lab.

Academic dishonesty/Plagiarism: Rules concerning student conduct will be strictly enforced. No appearance of dishonesty (such as plagiarism) will be tolerated. Such work will be taken and assigned a grade of “0” (zero).
Details (forms, definitions, & time-lines) that you are responsible for are on WIU's web sites:
