*CS 225 or CS 211 & 212 may be used to meet this requirement.

** MATH 183 may be waived if Computer Algebra System is integrated throughout the Calculus Sequence or if a separate Computer Algebra System course is taken.

Individuals having difficulty with passing any state test may be required to take additional course work.

During the first semester at WIU, candidates must complete the Technology Competency Assessment, safety training and an Illinois/FBI fingerprint background investigation. At the end of the first semester at WIU, candidates are expected to be fully accepted to the teacher education program, which includes maintaining the 2.50 cumulative and major GPAs.

A grade of “C” or better is required in courses. Not all courses are offered each semester which may delay completion of a program. Students must achieve and maintain the 2.5 throughout the program and successfully complete the courses in the sequence above and/or recommended by the COEHS advisor.
