Agenda:

Room Scheduling – Jason / Chet

This December Digital Commons / LCS is going to begin scheduling ongoing meetings in the library for at most a year out. This will hopefully, begin to alleviate the backlog of dead meetings that they have run into during scheduling.

Round Robin:

Chet: Re-imaging the library computers to fix the licensing issue and install the latest version of SPSS.

Greg: Nothing new.

Lora: There are a couple study carrels left.

Krista: Nothing New

Bill: New IRAD intern, Colton and Nancy.

Hunt: Working on updating Easy Proxy. Looking into prices for certificates and latest version.

Jeff: Working on budget. Possibly looking at cutting some journals. Still getting large amounts of gift books.

Jeanne: Nothing new.
