I am requesting a special review of my 2023-24 financial aid application because my parents paid at least \$1,500 for grade/high school tuition in 2021-2022.

- I have attached a statement from the **grade/high school(s)** showing the tuition my parents paid in the 2021-2022 academic year for each child in our household.
- I have completed the chart below.
